

COMPANY PROFILE

ShankuChakra

India-based merchant exporter and international sourcing partner — export-registered since 2011.

Legal Business Type

ShankuChakra is a merchant exporter — it does not manufacture the products it offers unless explicitly stated for a specific product. It coordinates sourcing from qualified Indian suppliers on behalf of international buyers.

Operating Model

Supplier coordination, not factory ownership: requirement collection, supplier identification, specification and sample coordination, packaging, documentation and shipment coordination are handled directly by ShankuChakra, working with qualified suppliers across South India.
